

Central Idea

This statement ties the learning together to create connections and provide a context across pupils' knowledge.

Networks exist to allow the movement of goods.

Words in blue do not link to the central idea.

Lines of Inquiry

These inquiries are the phases of learning that take place, supporting the children to develop their understanding of the central idea.

An inquiry into:

- 1.) Why food and other resources are transported all over the world (causation)
- 2.) How people can support Fairtrade (responsibility)
